Paris is undeniably the most stylish and glamorous city in the world. With its rich and complex cultural past, it has become the creative cradle in interior design and French savoir faire. In Parisian interiors, designers have mixed the traditional with the unexpected and influences from other faraway places, creating a very unique Parisian style. Tucked behind the walls of the capital of refinement and romanticism, living quarters of exceptional and rare beauty await to be discovered.

This inspiring volume takes us on a tour of the French capital's most notable dwellings. These luxurious living quarters will truly take your breath away! The décor ranges from classic to contemporary, with intriguing choices of furniture, finishes and materials.

Edited by renown interior designer Caroline Sarkozy and lavishly illustrated by master photographer Reto Guntli, this book opens the doors to the houses of Diane von Furstenberg, Lenny Kravitz, Jacques Grange, and many more.
